

Brahim Thiam

Data Analyst & Systems Developer

873-355-9084 - brahimlanding@gmail.com - [linkedin.com/in/brahim](https://www.linkedin.com/in/brahim) - github.com/BraBra6 - brabra6.github.io/portfolio_brabra

PROFILE

Computer Science undergraduate specializing in data analysis and data-driven systems development. Experienced in transforming raw datasets into structured insights and building analytical applications from end to end. Strong foundation in statistics, machine learning, and relational databases.

EDUCATION

BSc in Computer Science (Honours)

Université du Québec en Outaouais | 2023–2026

Diploma of Collegial Studies (DEC), Natural Sciences

Collège Universel – Gatineau, QC | 2021–2023

TECHNICAL SKILLS

Programming & Query Languages: Python, Java, SQL (MySQL, SQL Server), R, JavaScript, HTML/CSS

Data Analysis & Machine Learning: Pandas, NumPy, Scikit-learn, Matplotlib, Hugging Face, Tesseract OCR

Tools & Environments: Git/GitHub, Jupyter Notebook, VS Code, IntelliJ, Android Studio, Firebase

APPLIED DATA & ANALYTICS EXPERIENCE

Applied Data Analyst

Université du Québec en Outaouais & Independent Projects | 2024 – 2025

- Led end-to-end analysis on 10,000+ records using Python (Pandas, NumPy)
- Cleaned, transformed, and analyzed datasets exceeding 10,000 records using Python (Pandas, NumPy).
- Performed exploratory data analysis (EDA) using statistical methods, correlation analysis, and dimensionality reduction (PCA).
- Built and evaluated analytical and predictive models (Logistic Regression, KNN) to identify patterns and key drivers, achieving up to 95% accuracy.
- Applied feature selection, normalization, and missing-value handling to improve data quality and model reliability.
- Produced clear visualizations and written reports translating analytical results into actionable insights.

Analytics & Information Systems Development

Université du Québec en Outaouais | 2024

- Designed and implemented data-driven systems, including an Android-based inventory and order management application.
- Developed full CRUD functionality and managed structured data using Java, Firebase, and SQL concepts.
- Collaborated in a team environment using GitHub for version control, issue tracking, and code reviews.

- Built and deployed a professional portfolio website to present analytical work with a focus on clarity, usability, and accessibility.
-

PROFESSIONAL EXPERIENCE & LEADERSHIP

Attendant & Coordinator

City of Gatineau – Sports Center | Aug. 2025 – Present

- Coordinate facility setup, logistics, and scheduling for community and sporting events.
- Ensure compliance with safety standards and operational procedures.

Substitute Teacher (Primary & Secondary Levels)

City of Gatineau – Schools | Jan. 2021 – Jun. 2024

- Delivered lessons across multiple subjects while maintaining classroom continuity.
- Demonstrated leadership, adaptability, and decision-making under minimal supervision.

Assistant Supervisor

City of Gatineau – Day Camp Program | Jun. 2022 – Aug. 2023

- Supported daily operations and supervised staff and participants.
 - Ensured safety compliance and communicated with parents and supervisors.
-

COMMUNITY & LEADERSHIP ENGAGEMENT

Community Activity Assistant / Teaching Assistant

Community Learning Center – Ottawa, ON | Sep. 2018 – Jun. 2024

Cadet (Volunteer)

Royal Canadian Army Cadets – Hull Regiment 2644 | Oct. 2016 – Dec. 2019

SELECTED ACADEMIC TRAINING

- Data Science & Exploratory Data Analysis
- Database Systems & SQL
- Probability & Statistics
- Data Structures & Algorithms
- Artificial Intelligence
- Social Network Analysis
- Software Requirements Engineering
- Cybersecurity
