PROFILE

Computer Science undergraduate specializing in data analysis and data-driven systems development. Experienced in transforming raw datasets into structured insights and building analytical applications end-to-end. Strong foundation in statistics, machine learning, and relational databases.

EDUCATION

Université du Québec en Outaouais (UQO) <i>B.Sc. in Computer Science (Honours)</i>	2023 – 2026 <i>Gatineau, QC</i>
Collège Universel <i>Diploma of Collegial Studies (DEC), Natural Sciences</i>	2021 – 2023 <i>Gatineau, QC</i>

Relevant Coursework

- Data Science · Database Systems · Probability & Statistics · Artificial Intelligence
- Data Structures · Algorithms · Social Network Analysis · Cybersecurity

RELEVANT EXPERIENCE

Applied Data Analyst <i>Université du Québec en Outaouais & Independent Projects</i>	2024 – 2025
– Led end-to-end analysis on datasets of 10,000+ records using Python (Pandas, NumPy) – Cleaned, transformed, and analyzed large datasets to extract patterns and insights – Performed exploratory data analysis (EDA), correlation analysis, and PCA – Built and evaluated predictive models (Logistic Regression, KNN) with high accuracy – Applied feature selection, normalization, and missing-value handling to improve data quality – Produced visualizations and reports to communicate analytical findings	
Analytics & Information Systems Development <i>Université du Québec en Outaouais</i>	2024
– Designed and implemented data-driven systems including an inventory management application – Developed full CRUD functionality using Java, Firebase, and structured data concepts – Collaborated using GitHub for version control, issue tracking, and code reviews – Built and deployed a professional portfolio website to present analytical work	

PROFESSIONAL EXPERIENCE

Attendant & Coordinator <i>City of Gatineau – Sports Center</i>	Aug. 2025 – Present <i>Gatineau, QC</i>
* Coordinate facility setup, logistics, and scheduling for community and sporting events * Ensure compliance with safety standards and operational procedures	
Substitute Teacher (Primary & Secondary) <i>City of Gatineau – Schools</i>	Jan. 2021 – Jun. 2024 <i>Gatineau, QC</i>
* Delivered lessons across multiple subjects while maintaining classroom continuity * Demonstrated leadership, adaptability, and decision-making under minimal supervision	
Assistant Supervisor <i>City of Gatineau – Day Camp Program</i>	Jun. 2022 – Aug. 2023 <i>Gatineau, QC</i>
* Supported daily operations and supervised staff and participants * Ensured safety compliance and effective communication with parents and supervisors	

TECHNICAL SKILLS

Programming: Python, Java, SQL(SQL Server, PostgreSQL), R, JavaScript, HTML/CSS
Data Analysis: Excel (Advanced), Data Cleaning, EDA, Data Visualization, Statistical Analysis
Data & ML Libraries: Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, Tesseract OCR
Tools: Excel, Anaconda, Jupyter Notebook, Git/GitHub, VS Code, IntelliJ, Android Studio, Firebase
